**Your application number 3350102**

Dear Shingis Joldasbaev,

With your application you chose one - or more than one - university that requires all its international applicants to have their applications pre-checked by uni-assist. We now completed our evaluation and would like to inform you accordingly:

**Technische Universität Chemnitz (TU)  
Master - Web Engineering**

It is our pleasure to confirm that we will forward this application for the programme of your choice electronically to Technische Universität Chemnitz (TU) for final consideration within the next few days. The university will continue processing and inform you in the next few weeks if you can receive an admission for studying or not.

Please direct further enquiries to the Technische Universität Chemnitz (TU).

**This letter is not a confirmation of admission.** It serves as proof that you have applied to study at an officially recognized university in Germany.

**In case you are not yet living in Germany:**

With this letter you can apply for a study applicant's visa at the German Embassy / German Consulate in your country. However, the letter does not grant a legal claim for the issuance of a visa.

**Your transcript / Diploma Supplement does not contain a numerical average mark. For this reason, we calculated your mark from all module/course marks listed on the transcript of the British university weighted by credits. Other weightings of the British university for the calculation of an overall mark are not taken into account. You are welcome to submit a confirmation of your numerical average mark, issued by the British university within the application deadline. It is not sufficient to provide explanations or proof of how the university calculates your overall grade.**

uni-assist has carried out the pre-check of your documents with the greatest care and accuracy. Should you however feel that we have made a mistake in our pre-check, please write to us. State the reasons for your complaint and please include your application number. uni-assist's management will look into your complaint and get back to you in writing. If after receiving a

written reply you are still unhappy, we will send your application on to the relevant university, where a final decision will be made.

Were you satisfied with the service provided by uni-assist?
